Cambridgeshire's Next steps

Chris Ward

Based on the information shared today, we now need to start preparing for the changes to be introduced later this year and move forward as a County.

Within your District Groups (or County Team) - please discuss the following:

Where does our District go next (District sessions, 20 mins)

- Q1. What does this mean for you & your teams?
- Q2. What are the benefits?
- Q3. What are the challenges?

This topic will be further discussed at the District Commissioners' meeting on Monday 22 May.
